DESCRIPTION

A gentle swell builds to a wave. An organic curve reaches upward, cresting over an unseen shore. Emulating the slow power and tidal movement of the sea itself, this tub starts at 755 mm wide and reaches its apex at a full 890 mm in height, a flow that gently captures the eye and captivates the spirit. Cradled in the deep, you're the master of a realm where you float in tranquility and strength.
